Civitan International is a group of volunteer service clubs dedicated to making an impact in our local communities. Our emphasis on helping people with intellectual or developmental disabilities (IDD) is underscored by our willingness to roll up our sleeves to make a difference – that's what makes each of us a Civitan.

How we change lives

for people with intellectual and developmental disabilities

What is the value of a Civitan membership?

As a member of your local Civitan club, you are connected to the longstanding reputation and resources of Civitan International.

Together, we can make a larger impact.

Reputation – As a part of an organization that has made a difference for over 100 years, Civitan International's tremendous legacy provides perpetual name recognition, brand awareness and credibility on a local level.

Impact – Rallying around a defined mission helps Civitans further our collective impact. Civitan International's focused impact areas, support, knowledge-sharing and best practices across clubs amplifies your impact beyond what you could do as one volunteer.

Civitan's flagship project, the **Civitan International Research Center (CIRC)** located at The University of Alabama at Birmingham, is making strides in life-changing research for people affected by IDD. Focused on the development of the mind-brain, CIRC aims to expand knowledge, provide training and develop services and programs for individuals with developmental disabilities.

Connection – Surrounded by others inclusive of the same mission, Civitans engage with each other, network and find fellowship with other clubs. The International Convention, trainings, fundraising events and informative meetings foster conversations on best practices and leadership development. You're more than a member of a club, you're part of a family of Civitans spanning the world.

Resources – Civitan International provides marketing tools, leadership development and training, limited liability insurance and guidance and experience from world headquarters to ensure the success of your club's projects.

How are my dues used?

Membership dues support local member and club efforts, as well as international operational expenses including support from the Civitan International staff, member training and resources. Clubs are also provided support through financial guidance, risk management and legal counsel, if needed. Dues also grant your club access to use the Civitan International name and branding.
